Award Recipients

InstruTech Inc.

is a Colorado based instrumentation company whose innovative products are used in numerous vacuum measurement and control applications. InstruTech is being recognized for their contributions to the Meals on Wheels program.

Liquid Waste Management

is a full service biosolids management company. Liquid Waste Management is being recognized for its contributions to the Longmont Community Foundation through its "Longmont Legacy" program.

Western Digital

is a data storage pioneer and a leader in the hard drive industry. Western Digital is being recognized for its contributions to the St. Vrain Valley School District.

2009 Tom Brock Award

The Tom Brock Award was created by the Longmont Industrial Park Board in memory of Tom Brock, a business and community leader who helped establish the connection between a healthy local economy and a quality community. The award bearing his name is presented to a member of the Longmont area business community that has demonstrated outstanding leadership in continuing Tom's legacy. That legacy includes ensuring prosperity while actively supporting efforts to improve the quality of life for Longmont area residents.

This year's recipient of the Tom Brock Award is: *Ed Kanemoto*.
